**AI Chance is a very talented entertainer,**  
 AI Chance performed twice at Central Citrus Community Center, a Senior Center, in Lecanto, Florida. The members at the center really enjoyed his performance. He had a great personality and is easy to work with for scheduling his performances. The variety of the songs were terrific. He is so talented and can really sing from Frank Sinatra to Elvis and so much more. The members are looking forward to his September 12th performance.

**A versatile and talented entertainer!**  
 I have been following AI's vocal career for many years, since we first met in New Jersey years ago. From private parties to public events, AI is always spot-on! He has a huge range of genres, from doo-wop to Sinatra to the Beatles to romantic and Italian classics, and so many of the beloved popular songs I grew up with. He always gets his audience involved and up and dancing!

**Talented and Versatile**  
 Being a long time fan of Sinatra I was intrigued by an advertisement by a local club and restaurant that featured AI signing Sinatra era standards and such. That was in 2011. While he lived in Las Cruces, NM, I followed him for the next 6 or 7 years, I heard him signing his signature songs in a number of different venues and grew to appreciate the breadth of his voice range from singing " Rat Pack" standards, pop music favorites to his really good tenor voice singing famous Italian opera signature songs. AI, is a showman in his heart. When he hits the stage, he owns the stage and loves what he does.

### What to Expect

For a Cocktail Hour - The budget replacement for a quartet. Smooth jazz and pop vocals over controlled volume music.

For a party - A lively mix of era's appropriate to the crowd: 40s Big Band; 50s Golden Oldies; 60s Classic Rock with an "underground" edge if requested with some crowd interaction and Dance Music.

For a Formal Social Event - M.C. services such as introduction of honorable guests and announcements.

### About

The Nature Coast's leading professional singer who has been performing for over 40 years. Also a "DJ" when not singing.

Chance is known for his wide vocal range and skill in crossing styles and genres of music from Swing and Standards to Opera, R & B, Doo-Wop and Rock to today's Latino & Country artists. He DOES NOT use "Vocal Tuners" or any other new technology devices to enhance his voice. All Era's from Big Band and Golden Oldie 50s thru 60s Classic Rock thru 70s/80s RnB and all types of Dance music.

His performances are delivered singing over his own digitally enhanced pre-recorded background music tracks - the same digital music technology that the world's greatest singers today also utilize in their live acts.

His vocalizations are reminiscent of Tom Jones, Engelbert Humperdinck, Jim Morrison (Doors), Robert Lamm (Chicago) & David Clayton Thomas (Blood, Sweat & Tears).
